COVID Relief Update

\$2.3 Trillion:
Deficit impact of four COVID relief bills passed in March and April. (CBO)

Current State of Play:

- House D "Heroes II"** - Sept. 28
 - \$2.2 trillion est. cost
- Senate GOP "skinny bill"** – Sept. 10, failed to advance in the Senate on a procedural vote of 52-47 (60 votes needed to proceed). Rand Paul (R-KY) only Republican vote against.
 - \$650 billion est. cost
- Senate GOP HEALS Act** – July 27. Combination of 8 separate bills.
 - \$1.1 trillion est. cost
- House Heroes Act (HR 6800)** – passed the House May 15.
 - \$3.4 trillion est. cost

New Processes for Agency “Guidance Documents”

- Executive Order 13891 (Oct. 15, 2019) – “Promoting the Rule of Law Through Improved Agency Guidance Documents”
- Applies to sub-regulatory guidance, such as FAQs, technical releases, opinion letters, interpretive bulletins
 - “Guidance document” means: “An agency statement of general applicability, intended to have future effect on the behavior of regulated parties, that sets forth a policy on a statutory, regulatory, or technical issue, or an interpretation of a statute or regulation”. Does NOT include regulations.
- All agencies must -
 - Establish a single searchable database with links to all guidance documents in effect. Example: [DoI.gov/guidance](https://www.doi.gov/guidance)
 - Any guidance document not on the guidance portal is not considered to be in effect.
 - Each document must state that it does not bind the public, except as authorized by law or as incorporated into a contract.

7

MONTHLY UPDATE

New Processes for Agency “Guidance Documents”

- DOL legend:
 - The contents of these documents do not have the force and effect of law and are not meant to bind the public in any way, except as authorized by law or incorporated into a contract, cooperative agreement, or grant. These documents are intended only to provide clarity to the public regarding existing requirements under the law or agency policies. DOL may not cite, use, or rely on any guidance that is not posted on this site, except to establish historical facts.
- Agencies must also have a process for the public to request that documents be added to or deleted from the portal
- Special processes for “significant guidance documents”
- Practical impact

MONTHLY UPDATE

EO on “An America-First Healthcare Plan” (9/24/20)

- Pre-existing conditions: It has been and will continue to be the policy of the United States to give Americans seeking healthcare more choice, lower costs, and better care and to ensure that Americans with pre-existing conditions can obtain the insurance of their choice at affordable rates.
- Surprise billing: HHS is directed to work with Congress to reach a legislative solution by Dec. 31, 2020. If no solution is reached, HHS is directed to undertake administrative action to prevent a patient from receiving a bill for OOP expenses that the patient could not have reasonably foreseen.
- Transparency: Treasury, DOL, and HHS shall maintain and build upon existing actions to ensure consumers have access to meaningful price and quality information prior to the delivery of care.
- The EO may be found here <https://www.whitehouse.gov/presidential-actions/executive-order-america-first-healthcare-plan/>

MONTHLY UPDATE

Final Rule on Transparency in Health Care Coverage for GHPs

- Not to be confused with HHS hospital price transparency rule finalized in 2019. In the first stage of litigation, the hospital rule was upheld by a federal district court judge.
- Proposed tri-agency rule on transparency in health care coverage issued in Nov. 2019 applies to GHPs.
- Imposes new disclosure requirements, including detailed disclosure of cost-sharing information in advance of when a service is performed.
 - Disclosure must include estimated cost-sharing, accumulated amounts (deductible, etc.), negotiated rate for the service, OON allowed amount, the items and services included in the estimate, the prerequisites to coverage, and a disclosure notice regarding the estimate.
 - Plans must also maintain a website through which information can be obtained.
- Final rule has been under review at OMB since 9/11/20. Expected soon.

13

Health & Welfare Benefits

MONTHLY UPDATE

ICHRA Final Rule and Follow-up Guidance on Pay or Play and Non-Discrimination Requirements

ICHRA -- *Reverses ACA era prohibition on individual medical policy reimbursement when requirements met*

- Considered minimum essential coverage.
- Among other requirements, employers may not offer a traditional group health plan and an ICHRA to the same class of employees.

EBHRAs

- May be established without integration as long as GHP is “offered”
- Must satisfy four requirements, the:
 - Maximum annual contribution is \$1,800;
 - Employee must also be offered traditional health insurance from the same employer;
 - Employee cannot also be offered a premium reimbursement HRA; and
 - Terms and conditions must be the same for all “similarly situated” classes of employees.

14
ALSTON & BIRD

14

Health & Welfare Benefits

MONTHLY UPDATE

DOL Electronic Disclosure Rule

DOL introduced a revamped electronic disclosure rule under ERISA.

- New rule significantly pushes the electronic communication ball forward for retirement plans. Two new safe harbor methods
 - Notice and access – allows delivery by posting online
 - Email delivery – allows delivery directly via email
- It is not applicable to health and welfare plans (including FSAs and HRAs).
- We expect similar changes coming down the pike for health and welfare plans (perhaps in 2021).
 - Extra time required for tri-agency coordination

15
ALSTON & BIRD

15

Health & Welfare Benefits

MONTHLY UPDATE

New SBC Template

The Tri-agencies introduced a new SBC template to be used for plan years starting on/after January 1, 2021:

- Eliminates reference to individual mandate
- Changes to coverage examples
- No further relief for HRAs subject to SBCs

16
ALSTON & BIRD

16

Health & Welfare Benefits

MONTHLY UPDATE

Misc. Regulatory Developments

- 2021 NBPP
 - Final rule for Rx Coupons – plans can count discount or not toward MOOP subject to state law
 - But . . . What if HDHP plan or state mandate counts discount toward OOP?
 - Serious ramifications for non-conforming HDHPs
 - 2021 MOOPs (\$8550 self only/\$17,100 family)
 - Midyear special enrollment allowed for QSEHRAs
- Direct Primary Care Proposed Regulation
 - Ineligible for FSA
 - Adverse impact on HSAs
- Grandfather Plan Relief
 - Relief for HDHPs that lose GF status due to IRS deductible increases
 - Additional cost increase determination allowed based on premium cost increase (rather than general medical inflation)

RECAP: Coronavirus Impact on Employer Health & Welfare Benefits

20

ALSTON & BIRD

20

Health & Welfare Benefits
MONTHLY UPDATE

Coronavirus Legislation Impact on Employer Group Health Plans

- CARES Act –
 - Section 3701 Reverses Affordable Care Act rule on OTC expenses for FSAs, HRAs, and HSAs
 - Medical OTCs may be an eligible expense without a prescription effective for expenses incurred on or after January 1, 2020
 - Is an amendment required for your plan
 - Can this be applied retroactively
 - Is there any way NOT to adopt the change if OTCs are administered via debit card?
 - Menstrual care products qualify as an eligible expense
 - “For purposes of this paragraph, the term ‘menstrual care product’ means a tampon, pad, liner, cup, sponge, or similar product used by individuals with respect to menstruation or other genital-tract secretions.”

21

ALSTON & BIRD

21

Health & Welfare Benefits

MONTHLY UPDATE

Coronavirus Legislation Impact on Employer Group Health Plans

- CARES Act
 - Section 3702 allows any telehealth (*and other remote care*) treatment below HDHP deductible without adversely impacting HSA eligibility
 - Coverage is allowed, but not required (see discussion below regarding COVID testing mandate).
 - What is telehealth (or other remote care)?
 - Effective for PY commencing before 12/31/2021
 - Will it be extended?
 - Implications far broader than COVID treatment
 - Wellness programs
 - Remote monitoring of chronic care

22
ALSTON & BIRD

22

Health & Welfare Benefits

MONTHLY UPDATE

Mandated Testing Coverage: Families First Coronavirus Response Act, as amended by CARES Act

- Effective March 18, 2020 for duration of public health emergency
- GHPs *must cover* testing—without cost-sharing, preauthorization, or other medical management requirements
 - Response Act referred only to FDA approved testing
 - CARES Act requires coverage of the following (in addition to FDA approved):
 - Tests for which the developer has requested or intends to request an emergency use authorization (EUA) from the FDA, unless such request has been denied or the developer does not submit the request within a reasonable period
 - Tests developed in and authorized by a State that has provided notification to HHS
 - Any other test as determined by HHS
 - Changes effective on March 27, 2020

23
ALSTON & BIRD

23

Health & Welfare Benefits

MONTHLY UPDATE

Mandated Testing Coverage: Families First Coronavirus Response Act, as amended by CARES Act

- Coverage must include related services furnished during urgent care, emergency room, or in-person or telehealth provider visits that result in a covered diagnostic test
- In addition, related items and services must be covered only to the extent that they relate to the administration or furnishing of the test or to the evaluation of the individual for purposes of determining the need for the test
 - As with the CARES Act HDHP clarification, telehealth will likely be defined broadly.
- OON Charges
 - Response Act was silent
 - CARES Act requires plans to pay the OON provider of the testing the cash price for such service as listed on a public website of the provider, unless the plan/provider negotiate a lower price
 - Providers are subject to a fine of \$300 per day for failure to post
- Mandate applies to all GHPs, including grandfathered plans
 - Applies to private, governmental, and church plans
 - Not applicable to excepted benefits
 - Application to retiree only plans ?

24

Agency ACA FAQs 43

- FAQs 1-7 - Diagnostic Testing Coverage Mandate
 - All diagnostic tests listed on the FDA website must be covered
 - At-home testing generally must be covered
 - Test must be “ordered” by an “attending health care provider”
 - Testing conducted to screen for general workplace health and safety, public health surveillance, or otherwise not intended for individualized diagnosis or treatment is not within the mandate.
 - Multiple tests must be covered
- Out-of-Network Coverage for Testing
 - FAQs 8-11 Balance billing is generally precluded for testing covered by the mandate
 - Plan should be paying the provider’s listed cash price for the test, so there should be no balance due
 - Other out-of-network services may be subject to balance billing
 - FAQ 12 -- CARES Act supersedes the ACA rules on OON emergency care (“greatest of three”) to the extent a test is provided in an emergency department

25
ALSTON & BIRD

25

Health & Welfare Benefits

MONTHLY UPDATE

Agency ACA FAQs 43

- **FAQ 13 SBC and Notice of Revoked Coverage**
 - If a plan reverses enhanced coverage after the pandemic, SBC advance notice requirement will be deemed satisfied if:
 - The plan previously noted the general duration of enhanced coverage, or
 - The plan provides “reasonable” advance notice
- **FAQ 14 Telehealth**
 - Plans that solely provide benefits for telehealth services are exempt from certain group market reforms (e.g., annual and lifetime limits and preventive care) for any plan year beginning before the end of the COVID-19 emergency
 - Other mandates, such as the prohibition on pre-existing condition exclusions, continue to apply
 - Relief is limited to plans sponsored by large employers (> 50 employees) and offered only to individuals not eligible for coverage under any other GHP offered by the employer

26
ALSTON & BIRD

26

Health & Welfare Benefits

MONTHLY UPDATE

Agency ACA FAQs 43

- **FAQ 15:** If a grandfathered plan adds benefits or reduces cost-sharing pursuant to the safe harbor in FAQs Part 42, it will not lose grandfathered status solely because those changes are later reversed
- **FAQ 16:** For MHPAEA a plan may disregard benefits for the items and services that are covered without cost-sharing under the FFCRA for purposes of compliance with the “substantially all” and “predominant” tests
- **FAQ 17:** Plans are permitted to waive a standard for obtaining a reward under a health-contingent wellness program, so long as the waiver is offered to all similarly situated individuals
- **FAQ 18:** Employers considering offering an ICHRA for the first time should consider whether they can provide the ICHRA notice far enough in advance that eligible employees have sufficient time to make an informed decision about enrollment

27
ALSTON & BIRD

27

Health & Welfare Benefits

MONTHLY UPDATE

COVID-19 Immunization Required Preventive Care

- CARES Act accelerates the date by which “qualifying coronavirus preventive services” are treated as required preventive care that must be covered without cost-sharing
- Applies to an item, service or immunization that is intended to prevent or mitigate COVID-19 and that is-
 - An evidence-based item or service that has a A or B rating from the USPSTF, or
 - An immunization that has a recommendation from the Advisory Committee on Immunization Practices of the CDC
- Such items and services must be covered 15 days after the date of the recommendation

28
ALSTON & BIRD

28

Health & Welfare Benefits

MONTHLY UPDATE

HDHPs and Coronavirus Coverage

- IRS Notice 2020-15 (Mar. 11, 2020)
 - HDHPs are permitted to provide benefits for testing and treatment of COVID-19 without a deductible—or with a deductible below the applicable HDHP minimum deductible
 - Individuals can remain covered under HDHPs that provide such benefits without any adverse effect on HSA eligibility
 - Note: Many states had mandates such coverage for insured plans
 - Telemedicine generally (i.e., outside of COVID) not addressed
 - CARES Act *allows* (but does not require) first dollar coverage
 - First dollar coverage is *mandated* by Response Act but only for testing

29
ALSTON & BIRD

29

Health & Welfare Benefits

MONTHLY UPDATE

Additional GHP Considerations

- Ongoing GHP eligibility typically requires meeting minimum hours of service requirements
 - A furlough/layoff or leave of absence may cause an employee to lose GHP eligibility, unless the plan provides otherwise
 - Affordable coverage likely required for those on furlough (assuming not terminated employment) if in a full-time stability period.
 - If unpaid, typically no hours allocated to the furlough period for measurement period purposes
 - If paid, hours must be allocated for measurement period purposes
 - COBRA will typically be available if lose coverage eligibility
 - Coverage should not be voluntarily extended without amending plan language
 - Approval from any insurer (or stop-loss insurer for self funded) may be required
- Voluntary “stand-alone” extension of COVID benefits beyond GHP footprint (e.g., telehealth for all or wellness program) may raise ACA compliance concerns
 - Agencies expanded EAP guidance to allow for COVID testing

30
ALSTON & BIRD

30

Health & Welfare Benefits

MONTHLY UPDATE

State Law Potpourri

Following the elimination of the individual mandate, several states passed individual mandate laws that also require reporting by coverage providers, including employers who sponsor group health plans.

To date, the following states have passed such laws:

- New Jersey,
- Washington D.C.,
- Vermont,
- Rhode Island, and
- California.

New Jersey and D.C.’s laws are effective in 2019, which means reporting will be due in 2020. The others become effective in 2020 with reporting to commence in 2021 (for 2020). Insurers and plan sponsors that cover residents in these states should ensure compliance with these requirements.

Additional states have imposed mandates with regard to transit/transportation plans and FSA use/lose requirements.

Cafeteria Plan, Grace Period, And carry-over Relief

32

ALSTON & BIRD

32

Health & Welfare Benefits
MONTHLY UPDATE

IRS Notices 2020-29 and 2020-33

- The problem . . .
 - Technically, with a few exceptions, no changes allowed if furlough does not impact eligibility
- The solution . . . Optional changes allowed *for 2020*:
 - Cafeteria plan elections – but generally only health
 - FSA elections – but no refunds allowed
 - Grace period – beware impact on HSA
 - Carryover – amount increased for 2020 PY
- IRS will address in comments on Friday

33

ALSTON & BIRD

33

Health & Welfare Benefits

MONTHLY UPDATE

Notice 2020-29 – Cafeteria Plan Elections

- Not a Free For All
 - Prospectively enroll employee or family member in employer sponsored health coverage without an event;
 - Prospectively change to another health plan option of the same employer without an event;
 - Prospectively revoke health coverage but only if attestation is provided that the employee is or will be enrolled in other health coverage not sponsored by the employer.
- Amendment required by December 31, 2021

34
ALSTON & BIRD

34

Health & Welfare Benefits

MONTHLY UPDATE

Notice 2020-29 – FSA Elections

- Prospectively enroll, increase, decrease, or revoke FSA elections for any reason.
- By plan design employers may limit decrease/revoke to the FSA reimbursement already provided (e.g. if elected 2500 and have received 2000, you may limit decrease to 2000 so that salary reductions will cover the reimbursement).
- Although salary reductions must be prospective, any increase may apparently be used for amounts incurred in the plan year prior to the election change.
- Also, as salary reduction contributions are changed, changes likely will need to be made to the available FSA coverage level.
 - IRS guidance on how to address health FSA coverage levels post mid year election changes is not clear (split coverage period, etc.).
- Changes may not be retroactive (i.e. no refunds or retroactive enrollment).
- Amendment required by December 31, 2021.

35
ALSTON & BIRD

35

Health & Welfare Benefits

MONTHLY UPDATE

Notice 2020-29 – Grace Period

- Extension of Grace Period for Plan Year or grace period ending in 2020.
 - This means not applicable for 2019 CY plan where plan does not have grace period.
- Grace period ending in 2020 may be extended through December 31, 2020.
- A plan year ending in 2020 without a grace period may extend the plan year through December 31, 2020.
- The extension of the Plan year through December 31, 2020 is allowed even if a plan also has a carryover.
 - Thus effectively allowing a combination of the grace period and carryover for 2020.
- An employer that adopts this rule for a general health FSA will make an employee ineligible for an HSA through at least December 31, 2020.
 - Consideration should be given to ending the grace period as of November 30, 2020 to allow HSA eligibility and a full contribution through the December full contribution rule.

36
ALSTON & BIRD

36

Health & Welfare Benefits

MONTHLY UPDATE

Notice 2020-33 - Carryover

- New indexing with carryover amount increased to \$550 for plan years beginning on or after January 1, 2020.
 - Thus, the carryover for the 2019 plan year that is used in 2020 is still 500.
- Plan amendment required by December 31, 2021.

- COBRA regulations have not changed for coverage prior to election and payment of initial premium.
 - Two options
 - No coverage but retroactively reinstate.
 - Coverage but retroactively terminate.
 - Most are electing the first option.
- Coordination carriers is critical (fully insured and stop loss).
 - Many previously only allowed 60-90 day retroactive reinstatement.
 - Unclear whether Joint Notice binds fully insured carriers.
 - Anecdotally we hear that most will reinstate in accordance Joint Notice.
- Communication with healthcare providers.
 - Regulations provide that the plan must inform the provider that there is no current coverage but coverage can be reinstated retroactively if there is an election and payment of the initial premium.
 - Most fully insured plans and ASOs just have covered/not covered indicators (nothing for pended).

MONTHLY UPDATE

Plan of Action: COBRA

- Failure to pay monthly premium that would have been due but/for the extension.
 - Joint Notice provides that the plan “may not deny coverage, and may make retroactive payments for benefits and services received by the participant.”
- Appears to allow coverage to be suspended (not denied) until monthly premiums are actually paid.
 - Communications to the qualified beneficiary of the coverage “suspension”
 - This is not a notice of early termination of COBRA coverage.
 - Communications with health care providers who inquire about coverage.
 - Most insurers/ASOs do not have a “suspended/pended” indicator.

MONTHLY UPDATE

Plan of Action: COBRA

- COBRA election period or premium grace period begins before March 1 but would otherwise end during the Outbreak Period.
 - Example. Bob was sent a COBRA Election Notice on January 14th and election would have otherwise been due on March 14th.
 - Under the Joint Notice Bob would have 14 days after the end of the Outbreak Period to elect COBRA.
- If a due date would otherwise fall within the Outbreak Period some COBRA administrators are allowing the full election or grace period after the end of the Outbreak Period
 - In this example Bob would be provided 60 days to make an election after the end of the Outbreak Period instead of 14.
- Make sure carrier (fully insured or stop loss) agrees to provide coverage beyond what is required in the Joint Notice.
- Communication to qualified beneficiaries.
- Similar Issues with HIPAA special enrollment and not pro-rating days.

MONTHLY UPDATE

Plan of Action: Plan Documents/SPDs/SMMs/EOBs

- EBSA Notice 2020-01 provides some disclosure relief if acting in good faith.
 - In the short-term website posting/postcards.
- SMM is not due until 210 days after the end of the plan year.
 - Outbreak Period will presumably be over by then for most plans.
- Best practice is still to send an SMM and amend plan documents.
 - In some plan designs, SMMs also serves as a plan amendment.
- Reach out to carriers/TPAs/ASOs with regard to EOBs and time frames for appeals disclosed in the EOB.

DOL Revises Model COBRA Notices

- On May 1 the DOL issued FAQs and revised model COBRA general and election notices
- The model notices now include a section on the interaction between Medicare and COBRA and explain:
 - The 8-month special enrollment window to elect Medicare
 - Electing COBRA coverage instead of Medicare when first eligible may lead to Part B late enrollment penalties
 - When Medicare will be primary and when COBRA coverage may end early after enrolling in Medicare

DOL Revises Model COBRA Notices

- The FAQs reiterate that use the model general and election notices (if properly completed) will be deemed to comply with the notice content requirements of COBRA.
 - *Note:* the DOL model notices are deficient in some aspects and will need further revisions if used.
- This “safe harbor” only applies to enforcement actions by the DOL.
- Participants and beneficiaries may still file suit under ERISA § 502(a)(1)(b) seeking damages and statutory penalties of \$110 dollars per day for COBRA notice failures.

MONTHLY UPDATE

Recent COBRA Notice Litigation

- A plaintiffs' firm in Florida has been filing a string of COBRA lawsuits (@ 25 and counting) with copycat actions being filed by other firms.
- The complaints seek class certification, statutory penalties of \$110 per participant or beneficiary per day from the date of the alleged failures, injunctive relief, attorneys' fees, costs and expenses, and "other appropriate relief."
- The litigation has hit several large employers such as Citigroup, Lowe's, Pepsi, Amazon, Target, Marriott, and Wal-Mart.
- Litigation is costly and as a result most actions have settled such as Target for \$1.6 million, Lockheed Martin for \$1.25 million, PetSmart for \$500,000, U.S. Foods for \$450,000 and FirstFleet, Inc. for \$386,000.

MONTHLY UPDATE

Recent COBRA Notice Litigation

- The complaints allege that the COBRA election notices are not written in a manner calculated to be understood by the average plan participant for various reasons such as:
 - The employer did not use the DOL Model Notice
 - The Plan Administrator is not sufficiently identified
 - Conflicting information on when the election notice and payment is due
 - Use of more than one document for the election notice
 - The notice does not include a paper election form
- To date all contested complaints have survived a motion to dismiss

MONTHLY UPDATE

Recent COBRA Notice Litigation – Next Steps

- Review COBRA Notices and address potential defects with the COBRA Administrator
 - *Note:* complaints against Amazon and Nestle allege that the mere mention of potential criminal penalties and IRS fines for providing false information means the COBRA notices are deficient.
- Evaluate whether to add venue and forum selection clauses to the SPD
- Consider arbitration agreements barring employees from participating in class actions against the employer
- Tighten requirements in the SPD to thoroughly exhaust administrative remedies before filing litigation

Insurer Refunds

- Some health and welfare insurers are issuing premium refunds due to the under utilization of benefits caused by the coronavirus-related closures.
- If the refund is composed, in whole or in part, of ERISA plan assets, the refund must be handled in accordance with ERISA's general fiduciary standards.

MONTHLY UPDATE

Does the Refund Contain ERISA Plan Assets?

- Is the policy in the name of the plan or the plan's trust? If yes, then all of the refund is a plan asset in the absence of plan language to the contrary.
- Is the policy in the name of the employer? If yes, then the employer may be able to keep some of the refund depending on the policy and plan language.
- If the plan language is silent, then the DOL looks to the relative portion of the premium paid by employees and the employer during the period that gave rise to the refund.
