<u>Kentucky</u>	See Comments	5/11/2020	See Comments	Yes	Yes	Yes	Yes. See Comments	On May 4, the Kentucky Department of Health published operational guidelines for all businesses that are either reopening or have remained open. These guidelines must be implemented not later than May 11, 2020. These guidelines include: (1) continuing telework where possible; (2) implementing a phased return to work where possible; (3) ensuring employees remain a minimum of 6' apart from each other and customers; (4) limiting face-to-face interaction; (5) requiring employees to wear cloth masks unless it would create a safety hazard and provide PPE at no cost to employees, including providing gloves to those employees touching items often touched by others; (6) encouraging customers to wear masks; (7) supplying adequate hand sanitizer for both employees and customers; (8) restricting common areas; (9) sanitizing frequently touched surfaces at least twice daily; (10) conducting daily temperature and health checks of employees; (11) creating a plan to ensure testing of any employee with symptoms; (12) to the greatest extent possible, making accommodations for individuals in high-risk categories; and (13) designating a "Health at Work" officer to ensure compliance with guidelines.	N/A
<u>Kentucky</u>	See Comments		See Comments	Yes	Yes	Yes	Yes - see next column	<p>The guidelines, which apply to most employers, are: (1) continue telework where possible; (2) phased return to work; (3) onsite temperature/health checks; (4) universal masks and other necessary PPE; (5) close common areas; (6) enforce social distancing; (7) limit face-to-face meetings; (8) sanitizer/hand wash stations; (9) special accommodations; and (10) testing plan.</p> <p>On April 29, Governor Beshear outlined a proposed schedule for restarting certain sectors of the Kentucky economy so long as health benchmarks continue to be met: to include the opening of: (1) on May 11, manufacturing, construction, vehicle and vessel dealerships, professional services (at 50% of pre-outbreak capacity), horse racing (without spectators), pet grooming and boarding; (2) May 20, retail and houses of worship; and (3) May 25, social gatherings of no more than 10 people, barbers, salons, cosmetology businesses and similar services.</p>	Rules to Reopening Businesses under the Healthy at Work Plan

<u>New Jersey</u>	<u>Order</u>	5/18/2020	All construction projects and retail businesses for curb-side pickup	Yes	No	Yes	Yes, see comments.	<p>Construction businesses must implement the following operational requirements: (1) prohibit non-essential visitors to the worksite; (2) engage in appropriate social distancing measures when picking up/delivering materials; (3) limit working groups to less than 10 people; (4) require individuals to maintain 6 feet or more of distance; (5) stagger work start and stop times when possible; (6) identify high congestion areas and limit the number of people concurrently at those sites; (7) require workers to wear cloth face coverings, except where doing so would inhibit an individual's health, and require workers to wear gloves; (8) require hand washing; (9) limit sharing of tools; (10) provide portable wash stations where running water is unavailable; (11) frequently sanitize high-touch areas; and (12) place signage at entrances and throughout worksites detailing the above mandates.</p> <p>Retail businesses must adhere to the following operational requirements: (1) customers shall not be permitted to enter the premises; (2) in-store operations should be limited to employees responsible for curbside pickup; (3) customer transactions handled in advance; (4) customers should remain in vehicle and inform retailer when they arrive; (5) designated employees should bring goods outside of retail establishment; (6) require regular hand washing and provide a break for handwashing; (7) provide sanitizer to staff; (8) require frequent sanitation of high-touch areas; and (9) require workers to wear face coverings and gloves and provide at the business's expense.</p>	N/A
<u>New Mexico</u>	<u>NM Public Health Order</u>	5/16/2020	Retailers, institutions of worship	Yes	No	Yes	Yes - see next column	<p>Allows all retailers to operate at 25 percent of their maximum occupancy as determined by fire code; however, this does not include theaters, performance spaces, entertainment venues and does not yet include high-intensity contact services like dine-in at restaurants and bars, salons, gyms and tattoo parlors.</p> <p>Houses of worship may also operate at 25 percent occupancy,</p> <p>Non-essential businesses, such as office spaces and call centers, may operate at up to 25% of pre-crisis staffing levels, but all employees should continue to work from home wherever possible.</p> <p>The new order requires everyone to wear a cloth face covering in public, with the exceptions of eating, drinking, exercising, and medical requirements.</p>	<u>NM Public Order Article</u>

<u>New Mexico</u>	<u>NM Dept of Health</u>	8-May-20	Dentists	Yes	Yes	Yes	Yes - see next column	New Mexico dentists in all but three counties (San Juan, McKinley and Cibola) may resume providing non-essential dental care provided they agree to comply with guidelines developed to protect the supply of personal protective equipment. Prior to reopening, dental offices must meet certain criteria with respect to PPE considerations, such as maintaining adequate PPE supplies for two weeks without the need for emergency PPE conserving measures and staff training on the proper use of PPE. Dental facilities should take social distancing measures, such as limiting capacity to 50% in-person pre-COVID-19 volume for the first two weeks of operation, prioritize patients in accordance with the schedule laid out in the New Mexico Dental Advisory Report, and screen dental patients both over the phone and upon arrival to the facility.	<u>NM Dental Advisory Report</u>
<u>New Mexico</u>	<u>NM Dept of Health</u>	5/6/2020	Large grocery stores, large retail spaces, and all restaurants operating curbside and delivery service	No	No	Yes	No	Beginning May 6, all large grocery and large retail spaces (those greater than 50,000 square feet in size) and all restaurants currently operating curbside and delivery service will be required to ensure that all employees have at least cloth face coverings. Retailers will not be required to provide face coverings for customers but are encouraged to post signage strongly encouraging customers to wear their own masks. Retailers at their own discretion may require customers to wear masks.	N/A
<u>New Mexico</u>	<u>NM Dept of Health</u>	5/11/2020	All essential businesses of any size	No	No	Yes	No	Beginning May 11, all essential businesses of any size currently operating under the public health order must also comply with the face covering requirement.	N/A

Alston Bird LLP

New York	"NY Forward Reopening" Plan	5/15/2020	<p>Phased reopening will begin on May 15, 2020 for phase one in certain geographical regions. There will be four phases of reopening, and the plan “prioritizes businesses considered to have a greater economic impact and inherently low risks of infection for the workers and customers, followed by other businesses considered to have less economic impact, and those that present a higher risk of infection spread.”</p> <p>Phase one includes construction; manufacturing; wholesale trade; select retail (for curbside pickup only); and agriculture, forestry, and fishing.</p> <p>Phase two includes professional services; finance and insurance; retail; administrative support; and real estate, rental, and leasing.</p> <p>Phase three includes restaurants and food services.</p> <p>Phase four includes arts, entertainment, and recreation; and education.</p>	Yes - see Comments	Yes - see Comments	Yes - see Comments	Yes - see next column	<p>Reopening will occur on a regional basis and the state is divided into ten geographical regions. The New York City region will likely be closed much longer than up-state regions based on the state’s criteria for re-opening. The state will monitor four core factors to determine if a region can re-open: (1) number of new infections; (2) health care capacity; (3) diagnostic testing capacity; and (4) contact tracing capacity. (See Guidelines for additional details.) A Regional Monitoring Dashboard monitors progress.</p> <p>“Each business and industry must have a plan to protect employees and consumers, make the physical work space safer and implement processes that lower risk of infection in the business.” As part of that plan, businesses “need to consider” protection for employees, “including requiring all employees and customers to wear masks if in frequent close contact with others and implementing strict cleaning and sanitation standards,” “possible adjustments to workplace hours and shift design as necessary to reduce density in the workplace; enacting social distancing protocols, and restricting non-essential travel for employees,” and “implementing processes that meet our changing public health obligations, like screening individuals when they enter the workplace, or reporting confirmed positives to customers.”</p>	Guidelines for Phased Plan to Re-open
New York	Guidelines for Phased Plan to Re-open	See Comments	<p>Phase one will include opening construction and manufacturing functions with low risk. Phase two will open certain industries based on priority and risk level. Businesses considered “more essential” with inherent low risks of infection in the workplace and to customers will be prioritized, followed by other businesses considered ‘less essential’ or those that present a higher risk of infection spread.</p>	Yes	Yes	Yes - see Comments	Yes - see next column	<p>Recent announcements from Governor Cuomo indicate some businesses may begin reopening in phases beginning May 15, 2020. The New York City region will likely be closed much longer than up-state regions based on the state’s criteria for re-opening. The state will monitor four core factors to determine if a region can re-open: (1) number of new infections; (2) health care capacity; (3) diagnostic testing capacity; and (4) contact tracing capacity. (See Guidelines for additional details.)</p> <p>Each business and industry must have a plan to protect employees and consumers, make the physical work space safer and implement processes that lower risk of infection in the business. Gov. Cuomo outlined more concrete guidance on new safety precautions that each business must put in place upon re-opening: (a) adjusting workplace hours and shift design; (b) enact social distancing protocols; (c) restrict non-essential travel for employees; (d) require all employees and customers to wear masks if in frequent contact with others; (e) implement strict cleaning and sanitation standards; (f) enact a continuous health screening process for individuals to enter the workplace; (g) continuous tracing, tracking, and reporting of cases; and (h) develop liability processes.</p>	N/A

New York	See Comments	N/A	N/A	N/A	N/A	N/A	N/A	<p>Governor Cuomo has indicated that some businesses may begin reopening in phases beginning May 15. Based on CDC recommendations, a region may begin a phased re-opening once it experiences a 14-day decline in the hospitalization rate. The New York City region will likely be closed much longer than up-state regions based on the criteria for re-opening.</p> <p>Phase one will include opening construction and manufacturing functions with low risk. Phase two will open certain industries based on priority and risk level. Businesses considered “more essential” with inherent low risks of infection in the workplace and to customers will be prioritized, followed by other businesses considered ‘less essential’ or those that present a higher risk of infection spread.</p> <p>Each business and industry must have a plan to protect employees and consumers, make the physical work space safer and implement processes that lower risk of infection in the business. Operational requirements will include: (a) adjusting workplace hours and shift design; (b) social distancing; (c) non-essential travel restricted; (d) masks required if in frequent contact with others; (e) strict cleaning and sanitation standards; (f) continuous health screening to enter workplace; (g) continuous tracing, tracking, and reporting.</p>	<p>Guidelines for Phased Plan to Re-open</p>

Small Business Guidelines
<u>West Virginia</u>	See Comments	N/A	N/A	N/A	N/A	N/A	N/A	On April 27, Governor Justice announced West Virginia's plan to reopen. It is based on health statistics and has phases. There are no hard dates set. The Week 1 phase of reopenings will begin April 30. Each phase for Weeks 2-6 will begin on Monday of each subsequent week. Case numbers will be monitored throughout the process. Reopening is a choice, not a requirement. Physical distancing measures will still be in effect, with increased sanitation and face coverings.	West Virginia Strong: the Comeback
<u>West Virginia</u>	Executive Order No. 28-20	4/20/2020	Permits resumption of more urgent elective medical procedures at a hospital or ambulatory surgical center regulated by OHFLAC upon application to and approval by OHFLAC.	No	Yes	Yes	Yes - see next column	Criteria for approval in the order. Hospitals and ambulatory surgical centers that have applied to and received approval from OHFLAC may resume more urgent elective medical procedures no earlier than April 28, 2020.	Executive Order 16-20
West Virginia - Morgan County	Executive Order No. 29-20	4/25/2020	N/A	N/A	N/A	N/A	N/A	Removes Morgan County from Executive Order 20-20, which mandated working from home to the maximum extent possible.	Executive Order 20-20
<u>Wisconsin</u>	Emergency Order #36	5/11/2020	Standalone or strip mall-based retail stores with an entrance or entrances to the outside may offer in-person shopping for up to five customers at a time.
