State	North Carolina	Governor Executive Order No. 131	4/13/2020 4/10/2020 (long term care restrictions) 4/1/2020 (expediting processing of unemployment insurance claims)	5/13/2020 (retail restrictions) 5/31/20 (expediting processing of unemployment insurance claims)	Impact on Businesses Remaining Open. Section 2(C)(1) of Executive Order No. 121 allowed some businesses and operations to remain open only if they could maintain specified Social Distancing Requirements. These businesses and operations must now also meet the Additional Social Distancing Requirements specified in this Section to remain open. Businesses or operations that received letters from the North Carolina Department of Revenue stating that they could continue to operate only if they satisfied the Social Distancing Requirements in Executive Order No. 121 must also satisfy the Additional Social Distancing Requirements to remain open.	Required policies for retail establishments. All retail establishments that are permitted to operate under Executive Order No. 121 or under any Order issued by a political subdivision of the State are required to take additional steps specified in this Section (the "Additional Social Distancing Requirements") to limit the risk of community transmission of COVID-19, and to ensure that employees and customers are able to maintain appropriate social distancing. For purposes of this Executive Order, "retail establishments- include any business in which customers enter to purchase goods or services, including but not limited to grocery stores, convenience stores, large-format retail stores, pharmacies, banks. ABC stores, hardware stores, and vehicle dealerships. "Retail establishments" also includes retail establishments operated by the State, its political subdivisions, or agencies thereof. Emergency Maximum Occupancy. 1. The occupancy of all operating retail establishments shall be limited to be no more than: · Twenty percent (20%) of the stated fire capacity; or · Five (5) customers for every one thousand (1000) square feet of the retail location's total square footage, including non-customer-facing portions. This limit is the "Emergency Maximum Occupancy" for that establishment. 2. If the retail establishment has	A violation of this Executive Order may be subject to prosecution pursuant to N.C. Gen. Stat. § 166A-19.30(d), and is punishable as a Class 2 misdemeanor in accordance with N.C. Gen. Stat. § 14-288.20A.	Recommended policies for retail establishments. All operating retail establishments are strongly encouraged to take the following additional steps to limit the risk of spreading COVID-19, and to ensure that employees and customers maintain appropriate social distancing. A. Reduce Transmission Among Employees. 1. All retail establishments are encouraged to supply, provide education on proper use, and encourage the use of cloth face coverings for all employees in positions that do not allow them to consistently maintain a six(6)-foot distance from other employees or customers, subject to the availability of these products. 2. All retail establishments should instruct employees to stay home if they are sick. 3. To encourage the minimum social distancing recommended by the CDC, all retail establishments are encouraged to mark six (6) feet of spacing in high-traffic areas within the staff-only portions of the establishment's premises. B. Hand Hygiene. 1. All retail establishments are encouraged to place hand sanitizer prominently at entry and exit points, subject to availability of this product and to have

The Emergency Maximum Occupancy shall be posted in a conspicuous place.</p> <p>Social Distance Markings. 1. To encourage the minimum Social Distancing recommended by the Centers for Disease Control and Prevention (-CDC-), all operating retail establishments must clearly mark six (6) feet of spacing: a. In lines at cash registers; and b. In other high-traffic areas for customers, such as at deli counters and near high-volume products, inside the retail establishment. All operating retail establishments must enforce these limitations. 2. In addition, operating retail establishments which have reached or expect to reach Emergency Maximum Occupancy must clearly mark six (6) feet of spacing in a designated line outside the establishment.</p> <p>Cleaning and Disinfection. All operating retail establishments shall perform frequent and routine environmental cleaning and disinfection of high-touch areas with a disinfectant approved by the Environmental Protection Agency ("EPA") for SARS-CoV-2 (the virus that causes COVID-19).</p>		<p>disinfecting wipes and/or sprays that are EPA approved against SARS-CoV-2 available for shopping carts and baskets. 2. All employers should have their employees wash hands or use hand sanitizer, subject to the availability of that product, between interactions with customers and other employees. C. <u>Designated Shopping Times for Seniors and At-Risk Groups</u>. All retail establishments are encouraged to designate exclusive shopping times for seniors and other at-risk groups as defined by the CDC. D. <u>Signage for Social Distancing</u>. All retail establishments are encouraged to post signage that reminds customers and employees about required social distancing (at least six (6) feet apart). E. <u>Online Ordering, Curbside Pickup, and No-Contact Checkout</u>. All retail establishments are encouraged to develop and use systems that allow for online, email, or telephone ordering, no-contact curbside or drive-through pickup or home delivery, and contact-free checkout. 					a Person with Suspected or Confirmed COVID-19; ii. If the employee becomes sick during the work day, the person should be sent home immediately. Surfaces in the employee's workspace should be cleaned and disinfected. Information on other employees who had contact with the ill employee during the time the employee had symptoms 3 and 48 hours prior to symptoms should be compiled. Others at the workplace with close contact within 6 feet of the employee during this time would be considered exposed; iii. Promptly notify employees who were close contacts of any known exposure to COVID-19 at the business premises, consistent with applicable confidentiality laws; iv. ensure that the business has a sufficient number of employees to perform the above protocols effectively and timely; c. implement temperature screening before an employee enters the business, prior to the start of each shift or, for employees who do not work shifts, before the employee starts work, and send employees home that have an elevated temperature or fever of 100.4 degrees Fahrenheit or higher. Ensure employees practice social distancing while waiting to have temperatures screened; d. employees who have symptoms (i.e., fever, cough, or shortness of breath) should notify their supervisor and stay home; e. sick employees should follow CDC-recommended steps. Employees should not return to work until the CDC criteria to discontinue home isolation are met, in consultation with healthcare providers and state and local health departments. Employers are encouraged to implement liberal paid time off for employees who do not return to work as set forth above. (4) stagger work start and stop times for employees when practicable to prevent gatherings of large groups entering or leaving the premises at the same time; (5) provide sufficient amount of space for employees to have breaks and meals while maintaining a social distance of 6 feet, while arranging seating to have employees facing forward and not across from each other in eating and
