Darlena Subashi is a senior associate with Alston & Bird's Intellectual Property Litigation Group. She focuses her practice on patent litigation involving complex technologies relating to the electronic and computer science arts. She is experienced in all phases of litigation, from complaint through trial and appeal, including drafting dispositive motions and claim construction briefs; taking and defending depositions; drafting petitions, responses, and replies in inter partes review proceedings; and drafting Federal Circuit briefs. As a former judicial law clerk and extern for two separate U.S. courts of appeals, Darlena is a knowledgeable resource on the policies and procedures of the appeals process.

Darlena simultaneously obtained her law degree and master of science in electrical and computer engineering from Duke University, where she served as the research editor for the *Duke Law Journal* and staff editor for the *Duke Law & Technology Review*. She received her undergraduate degree in mathematics from Pepperdine University.
