Evan Hudson advises clients in raising billions of dollars in equity capital with the funds flowing to sponsors through IPOs, follow-on public offerings, and private placements. On the institutional side, Evan has represented some of the largest private REITs in the world, and on the retail side, he helps sponsors tap the large and growing pool of capital controlled by mass affluent and high-net-worth private clients. Whether representing successful real estate entrepreneurs or the most sophisticated institutional asset managers, Evan helps them build durable and lucrative retail-facing businesses while abiding by all relevant securities laws.

Evan advises on disclosure issues and corporate matters for publicly traded REITs. He understands the criticality of raising funds to the execution of business plans, and he enjoys helping managers achieve their most ambitious goals.

Evan's knowledge in the retail alternative investment space extends to non-exchange-traded, portfolio-diversifying investments such as perpetual-life NAV REITs, lifecycle REITs, Reg D products, and qualified opportunity funds.

Evan brings unique experience in advising issuers as they respond to hostile mini-tender offers and assert their rights against commercial counterparties. He also regularly deals with DTCC's Alternative Investment Product (AIP) platform, back-office securities custody issues, and transfer agency matters.

Evan was recognized on *New York Real Estate Journal's* 2019 "Ones to Watch" list and as a 2019 *Real Estate Weekly* Rising Star.
