Joseph Gambino focuses his practice on structured credit products, with an emphasis on collateralized loan obligations (CLOs) backed by pools of broadly syndicated and middle market loans and structured credit vehicles backed by corporate bonds and other assets.

Joseph's practice also involves advising clients in structuring securitization finance facilities, organizing onshore and offshore investment vehicles, and developing, negotiating, and documenting a wide variety of complex financial instruments backed by derivatives and insurance-linked products.

Representative Experience

- Represented the arrangers and issuers in the structuring and placement of CLOs totaling in excess of \$15 billion since 2017.
- Represented the arrangers and issuers in the structuring and placement of numerous collateral bond obligation transactions since 2017.
- Represented numerous commercial banks in the structuring of multitranche finance facilities, backed by loans and other asset-backed securities.
- Active trader of one of the most complex financial instruments ever created, Master Asset Vehicle II (MAV II), from 2012-2016.
- Structured and marketed one of the first collateralized fund obligations (CFOs) and collateralized debt obligations backed by bank and insurance trust preferred securities (TruPS CDOs).

Professional & Community Engagement

- Garden City Girls Lacrosse Club, founder, former president
