Krupa helps clients tackle the complexities of regulatory and compliance issues that arise under FDA laws and regulations.

Krupa Zachariah is an associate in Alston & Bird's Health Care Group and a member of the Food, Drug & Device/FDA Team. She advises clients on matters related to FDA regulation and compliance issues.

Before joining the firm, Krupa gained experience in the health law industry as a federal legislative intern, legal assistant, and health care paralegal. She also worked as a summer legal scholar at Nestlé.

Krupa earned her J.D., cum laude, from the American University Washington College of Law with a concentration in health care compliance. While in law school, Krupa was an articles editor for the *American University Law Review*, vice president on the executive board of the ADVANCE mentorship program, and member of the South Asian Law Students Association. She graduated, cum laude, with a B.S. in psychology and a B.A. in political science.

Representative Experience

- Assessed the regulatory status and compliance obligations for medical devices and drugs.
- Assisted several companies with FDA Current Good Manufacturing Practice (CGMP) regulatory issues such as FDA inspections, regulatory meetings, and warning letters.
- Assisted a client on site at a drug manufacturing facility with their response to an FDA Form-483.
- Provided counsel to health systems on the implications of novel litigation to FDA regulated products.
- Reviewed cosmetic companies' product labeling for regulatory compliance, claim substantiation, and litigation risk.
- Assisted wholesale distributors with regulatory obligations related to the Drug Supply Chain Security Act.
